JMS, multisite for joomla - Joomla Multiple Sites and user sharing Generated: 9 November, 2025, 20:39

Good hosting in EU Posted by MAtej - 2009/12/03 23:12	

hello

I am planning on buying multisite for joomla in a few weeks, but first I must find a good hosting provider that works with multisite for joomla.

Can you please recommend a good hosting provider in EU.
