JMS Article Sharing V 1.0

Posted by traz - 2009/01/05 19:46

Have just purchased the JMS Article Sharing V1.0. At installation and subsequent purge, I received 2 error messages:

Warning: Call-time pass-by-reference has been deprecated - argument passed by value; If you would like to pass it by reference, modify the declaration of (). If you would like to enable call-time pass-by-reference, you can set allow_call_time_pass_reference to true in your INI file. However, future versions may not support this any longer. in /var/www/vhosts/napavalleynetwork.com/httpdocs/joomla/administrator/components/com_multisitescontent/controller.php on line 268

Warning: Call-time pass-by-reference has been deprecated - argument passed by value; If you would like to pass it by reference, modify the declaration of (). If you would like to enable call-time pass-by-reference, you can set allow_call_time_pass_reference to true in your INI file. However, future versions may not support this any longer. in /var/www/vhosts/napavalleynetwork.com/httpdocs/joomla/administrator/components/com_multisitescontent/controller.php on line 309
Purge successfull

Is this something I need to be concerned with?

Dear Kevin,
the warnings are now removed in "Articles Sharing" version 1.0.1
