Section for 1.3?

Posted by james2581 - 2012/08/12 23:54

Getting ready to purchase the 1.3 version. I will probably have many question after/during install. Should I ask them here or is a new section going to be made for 1.3?

Also, are updates of that version including with purchase?

Thank you to have hightlighted the fact that we didn't yet created sections in the forum for the version 1.3.x.
We have just added sections dedicated for the version 1.3 where you can now post your questions

==========
