Image Gallery Sharing Posted by office@mvcmotors.at - 2011/08/09 16:50
Hello,
I wanted to know which Image Gallery is the best to share between Sites. I've seen that the Phoca Gallery isn't supported for sharing. So is there a good alternative to Phoca Gallery which allows me to share the images?
Thanks for your help!

Sorry but I don't know all the Image Gallery extension and which one could be the best.
Based on the list of extension that you have here, http://www.jms2win.com/en/list-of-extensions?view=extlist&id=269&Itemid=53 I see that the "Simple Image Gallery" that can be shared.

Perhaps this will help you.
