(SOLVED. Migration issue)Can't login to front end

Posted by CassVox - 2011/08/23 17:29

Hi Edwin and all,

LOVE the extension but I am having an issue logging into the front end? I can use the backend without issues but all users are unable to login the front.

Ideas?

Thanks!!

Oh..

Joomla 1.5.23, Multisites 1.2.65, 1 master, 3 replicated slaves, virtuemart shared except vendor.
