JMS, multisite for joomla - Joomla Multiple Sites and user sharing Generated: 2 August, 2025, 08:17

(SOLVED. Migration issue)Can't login	to	front	end
Posted by CassVox - 2011/08/23 17:29	,			

Hi Edwin and all,

LOVE the extension but I am having an issue logging into the front end? I can use the backend without issues but all users are unable to login the front.

Ideas?

Thanks!!

Oh..

Joomla 1.5.23, Multisites 1.2.65, 1 master, 3 replicated slaves, virtuemart shared except vendor.
