After Uninstall, Fatal error

Posted by jacostander - 2012/01/20 14:18

I uninstalled the extension and after that when I try to access my website I get error:

Fatal error: Allowed memory size of 67108864 bytes exhausted (tried to allocate 34608 bytes) in /home/amoebasa/public_html/index.php on line 0

Any assistance will be much appreciated! This is very urgent please.
