sharing the users and creating a same website.

Posted by chetanmadaan - 2010/03/20 04:48

---

i am trying it as per your instructions per our previous disscussion..

but it's not just happening.

Here is the error i am recieving.

Error(1) query . DB Error: ANY command denied to user 'loclasvg'@'%' for table 'jos_users'
SQL=CREATE OR REPLACE VIEW lvg_users AS SELECT * FROM `loc1005710480816`.`jos_users`
Create User error : Query = , DB Message =

for above: jos_ is the base site tables.
lvg_ is the new site table for which i am trying to replicate.
loc1005710480816 is the main site DB.
loclasvg is the new site DB.

This is a "command denied to user" error that is commented plenty of places in this forum
http://www.jms2win.com/forum/search?q=command+denied+to+user
