Unless specified, the master site is going to share the same template folder with the slave sites, is it right?

Thanks!

Re: about template sharing Posted by edwin2win - 2010/05/06 00:35

NO.

You have 3 cases.

- a) Full copy see JMS templates, with action = copy
- b) Full sharing- see JMS templates, with action = sopecial copy
- c) Partial sharing see JMS templates, with action = sopecial copy + deploy template folder = {deploy_dir}/templates
