Move Master + Slave site from one server to other

Posted by manisht - 2011/08/11 08:11

Hi,

We have created slave sites with symbolic links. So how we can move our Master + slave sites from one server to other server.

Please let me know the steps for this.

Thank you

Read the FAQ that present the "manual backup/restore" procedure.
http://www.jms2win.com/en/faq/faq-joomla-multi-sites#cat-268
