JMS, multisite for joomla - Joomla Multiple Sites and user sharing Generated: 14 July, 2025, 16:17 Problems with AceSef Posted by KingoftheRoad - 2010/03/12 08:08 Hi Edwin, I experience some problems with AceSef 1) The joomla/administrator/components/com_acesef/configuration.php seems to be shared by slaves & master. All my configuration at slave site seems not effective. 2) I cannot see the screens of URLS in AceSEF. Original AceSef Screen: http://www.jms2win.com/images/fbfiles/images/AceSef Original 800.jpg JMS AceSef Screen: http://www.jms2win.com/images/fbfiles/images/acesef_800.jpg Pls advise. Many thanks. Seth Re:Problems with AceSef Posted by KingoftheRoad - 2010/03/12 08:16 JMS Acesef URLs Screen: submitted in the above post. Re:Problems with AceSef Posted by edwin2win - 2010/03/12 09:09

Check that you have installed the JMS patches.

JMS, multisite for joomla - Joomla Multiple Sites and user sharing Generated: 14 July, 2025, 16:17

There is one for AceSEF configuration.php file present in their directory.
