Wish to ear some news from you

I am stuck on this issue
as I cannot continue to work
relying on my temporary doubtful and probably wrong patch of AUP ext.

See reply in
http://www.jms2win.com/en/forum/25-extensions-compatibility/9234-alphauserpoints-extension-compatibility-error?limit=6&start=6#9361

and please report the bug to Alpha User Point with the fix that must implement in their package.
