

## Backend error

Posted by richardfv - 2012/05/14 17:02

---

I dont know how this happened but now whenever i click on multisite manager site i got this error

Fatal error: Call to a member function getErrorNum() on a non-object in  
/home/xxxsite/public\_html/administrator/components/com\_multisites/libraries/joomla/jms2winfactory.php

---

Can you tell us the joomla version and JMS version.

Do you also have a line number ?

With Joomla 2.5.4, I recommend you to get the latest JMS version 1.2.87

See the FAQ for the procedure.
