Install of Partial User Sharing 1.1.3

Posted by SeeNet - 2012/04/06 15:56

We are using Joomla 2.5.4.

I tried to install Partial User Sharing V1.1.3 and got following SQL error during installation.
It's a plain Joomla, we created one Site clone with Miltisites and then I wanted to install PUS.

Do I have to remove kreated sites first???
SymLink is not working as we are using Plesk and I could not figoure out how to activate, but this should not affekt the SQL.

JInstaller: :Install: SQL-Fehler DB-Funktion mit Fehlercode 1064 fehlgeschlagen!
You have an error in your SQL syntax; check the manual that corresponds to your MySQL server version for the right syntax to use near 'TYPE=MyISAM AUTO_INCREMENT=1 DEFAULT CHARSET=utf8' at line 17 SQL=CREATE TABLE IF NOT EXISTS `main_multisites_users` (`id` int(11) NOT NULL AUTO_INCREMENT, `user_id` int(10) unsigned NOT NULL COMMENT 'reference to the joomla user id', `site_id` varchar(100) NOT NULL COMMENT 'reference to the MULTISITES_ID that created the record', `home` tinyint(1) NOT NULL default '0' COMMENT 'Default or home websites where the user were registered', `params` text NULL COMMENT 'Additional parameters.', `checked_out` tinyint(1) NOT NULL default '0', `checked_out_time` datetime NOT NULL DEFAULT '0000-00-00 00:00:00', `created_dt` datetime NOT NULL DEFAULT '0000-00-00 00:00:00' COMMENT 'Creation date/time', `created_by` int(10) unsigned NULL COMMENT 'reference to the user id who created the record', `modified_dt` datetime NOT NULL DEFAULT '0000-00-00 00:00:00' COMMENT 'Date/Time of the modification', `modified_by` int(10) unsigned NULL COMMENT 'reference to the user id who modified the record', PRIMARY KEY (`id`), KEY `idx_usersite` (`user_id`, `site_id`)) TYPE=MyISAM AUTO_INCREMENT=1 DEFAULT CHARSET=utf8;

Which version of MySQL do you use.

Do you use a version greater than 5.1 ?

Do you use a MySQL 5.5 ?
If yes, they have changed the MySQL statement to create the table.

) TYPE=MyISAM
should be replaced by
) ENGINE=MyISAM

The word "type" must be replaced by "engine".

We will create a new package to reflect this new MySQL 5.5 syntax and no more support the MySQL 4.x.

Hi
yes we are using MySQL greater then 5.1.

In which file are the SQL statements to edit?
Or when is the new package awaylable?

Tanks

If you are using MySQL 5.1 this should work.

Just copy/past the SQL statement in a PHPMyAdmin and execute it to try identifying the reason. On MYSQL 5.1, the syntax is correct but on MySQL 5.5 or higher, the syntax has changed.

As I told you, try replacing the "type" by "engine" but type is accepted under MySQL 5.1
