Downloading of video tutorials

Posted by GreenRose - 2013/08/31 15:22

_____

Hello,

how to download video tutorials?
I prefer to watch it from local machine cause of my slow internet speed.
thank you!

_____

I think it exists tools on internet that allow downloading video.
We don't publish zip or similar of our video to allow doing that.

I think that Firefox has some add-on that allows doing that.
