Multisite component - Site offline issue

Posted by abhijoom000 - 2013/11/11 17:37

Hello

We are facing a problem with Multisite component(com_multisite), we marked "yes" to "site offline" option in "global configration " of Joomla 2.5 But site is still working online.

We are using JSN Power Admin as a administrator, but still unable to offline the site.
