

Fatal error

Posted by SilvioTrisorio - 2017/08/01 02:43

I recently purchased the component more than a year ago but when I try to install it from this error:

Fatal error: Using \$this when not in object context in
/home/stampada/public_html/www.masterclienti.stampaora.com/tmp/install_597fce08b7aa1/install.script.
php on line 32

How can I fix it?

Thanks so much
