Problem accessing demo installation version 1.1

Posted by janinel - 2009/01/15 00:04

I am have having trouble downloading the pdf for demo installation version 1.1. at http://www.jms2win.com/documentation/doc_download/8-demo-installation-version-11)

When opening the downloaded document I get the Adobe Reader message - "There was an error opening this document. The file is damaged and could not be repaired."

Sometime, for unknown reason, some people have problem to download the document.
Perhaps this is due to the size of the document (> 5MB).

When you have such problem, you can send me an email and I will send you the document by email.
