Unable to update the registration information

Posted by larleuch - 2009/02/05 00:22

Hi!
I have a problem with the registration... When I want to register, it go on your website than I login than I have this message:
"Unable to update the registration information"

How can I do? thanks!

OK, il fallait juste changer les droits sur data.php

I had just to chmod the file data.php

Now it's good

I am having the same problem.

Where is the data.php file? I can not find it.
