Check patches- problem

Posted by wsxdeveloper - 2009/12/09 17:04

_____

Hi!

Here is my server configuration.

MySQL version: 4.1.22-log
PHP Version: 5.2.11
Web Server: Apache/2.0.52 (Red Hat)

I am having problem in Check patches installation page.

For most patches it says "NOT OK"

I have given 777 for all the folders and files.

Please Help!!

Thanks in advance
-Ram
